SUPER ULTRA SS

Commercial sink checklist

One configuration per enquiry line. Separate the complete unit size from the usable bowl size before comparing quotations.

01 Layout and quantity

- Product / catalogue reference
- Bowl count and position
- Open frame or cupboard base
- Drainboard: left / right / both / none
- Quantity for this configuration

02 Dimensions in millimetres

- Overall length x depth x height
- Bowl inside length x width x depth
- Largest tray / pot to fit
- Space and access available
- Backsplash, tap and drain position

03 Requested configuration

- Material / finish by component
- Legs, feet or castors
- Shelf / cupboard arrangement
- Taps, wastes and accessories
- Assembly arrangement / drawing

04 Order and delivery

- Destination or China forwarder
- Quantity now / later release
- Packing, dimensions and gross weight
- Other products in the shipment
- Target purchase / shipment date

Compare like for like

Check layout, outside and bowl dimensions, quantity, included fittings, packing and delivery point. Keep requested features separate from confirmed supply. A photograph identifies a layout; it does not establish every size, material or included accessory.
